

invites you to participate in
**International Scientific and
Practical Conference**

PLANNING AND USE OF TERRITORIES WITHIN THE CONTEXT OF INCLUSIVE DEVELOPMENT

 **May 17-18th, 2023**

 **Kharkiv, Ukraine**

The conference will highlight and summarize the main research results of scholars and industry representatives, as well as elaborate promising directions for the development of modern land management during planning and use of territories within the context of inclusive development.

Issues of improving education in the field of land management will also be discussed.

CONFERENCE LANGUAGES:
Ukrainian, English

sending out electronic conference
proceedings and certificates

DEADLINES

REGISTRATION BY THE LINK:

<https://forms.gle/8iuxU43JkjDzDjL6A>

ABSTRACTS SHOULD BE SUBMITTED TO:

s.vinogradenko15@gmail.com

AREAS OF CONFERENCE WORK

- 1** Improving land relations in the agricultural sector in the context of inclusive development
- 2** The problem of rational use and protection of land in the context of inclusive development
- 3** Planning and development of settlements and use of rural land
- 4** Peculiarities of land valuation in planning and use of territories
- 5** Application and implementation of GIS systems in the field of planning and use of territories
- 6** Current issues of geographic information mapping of land resources
- 7** Effective use of aerial survey materials (UAVs) for planning and land use purposes

REQUIREMENTS FOR ABSTRACTS

- Text parameters: text font – 14 pt, font typeface – Times New Roman, main text spacing – 1.5.
- Page dimensions – A4 (210x297 mm) – margins: top – 2 cm, bottom – 2 cm, left – 3 cm, right – 1.5 cm, portrait orientation.
- Language of the text: Ukrainian, English.
- Required elements (total length – 2-3 pages):
 - Title – 14 points, bold, all caps, spacing (1.5), centered.
 - Initials and surname of the author(s), academic degree, place of work – 14 points, single spacing (1.0), center alignment, italics.
 - Text of abstract.
- The reference is presented according to the DSTU standard 8302:2015 “Information and documentation. Bibliographic reference. General requirements and rules for compiling”.
- Design of graphic material: computer-generated or scanned drawings are wrapped in the text without going beyond the typing field; tables are also wrapped in text.
