Dear colleagues!

The Educational and Scientific Institute "Cyberport" and the Faculty of Economic Relations and Finance of the State Biotechnological University invite you to take part in the IV International Scientific and Practical Internet Conference **"Mechanisms for ensuring sustainable economic development: problems, prospects, and international experience,"** which will be held **on May 19, 2023**, within the framework of the implementation of the project «Business development management: integrating the European experience» (N^o101048268) for Jean Monnet Action, the Erasmus+ Programme.

Teachers of higher education institutions, graduate students, doctoral students, representatives of professional public organizations, and business representatives are invited to participate in the conference.

The purpose of the conference is to generalize and disseminate scientific experience in improving the mechanisms for ensuring the sustainable development of the national economy in the face of modern *challenges* and international practice in solving existing economic, social, and environmental issues.

Conference sections

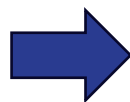

1. Competitiveness, innovation, and balance as the foundation for social, economic, and legal elements of sustainable development.
2. Financial tools for long-term economic growth and post-war reconstruction.
3. Accounting and analytical support for economic, social and ecological development of business structures.
4. Management, marketing, and market technologies for business development.
5. Information technology and cybersecurity in the context of the digital transformation of public relations.
6. International experience and strategic guidelines for the implementation of sustainable development goals.
7. The professional competence of specialists in management, administration, and international relations in the context of sustainable development goals.

Working languages of the conference - **Ukrainian, English, Polish.**

Participation in the conference is **free of charge.**

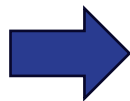

Participation in the conference is done via **correspondence (distance).**

The schedule and conference materials will be available on the SBTU website in the section "Science > Conferences"

<http://btu.kharkov.ua/nauka/konferentsiyi/>

Registration for the conference must be completed by May 15, 2023, and report abstracts are necessary to be sent via the website link

<https://bit.ly/422HRVR>

Technical requirements

Abstracts are provided in the electronic version of the MS Word file. The file should be named by the name of the first author.

Volume of abstracts - **up to three full pages in A5** format (148 × 210), all margins - 20 mm.

Font of the text: typeface – Times New Roman, size – 10, line spacing – 1 pt, indentation – 1 cm.

All figures contained in the abstracts are made in graphic editors compatible with the text editor MS Word.

Formulas are created in the MS Equation formula editor.

Figures, tables and formulas are designed in accordance with DSTU 3008:2015. Each figure should be signed; the table should have a title. Figures and tables, if there are several, should be numbered in Arabic numerals and placed across the line from the main text. Tables are made only in portrait orientation. Explanations of figures and table names are centred.

UDC, full name of the author(s), scientific degree, academic title, abbreviated name ZVO print in the upper left corner of the page, in a single interval; leaving one line - the name of the theses in large letters in the centre; in a single interval - the text of the theses.

If it is necessary, submit in the abstracts a list of information sources in the order of reference to them in the text in accordance with the requirements of **DSTU 8302:2015**. Text references to sources are given in brackets, for example [1, p. 55] or [1; 2].

For example:

UDC 621.9:681.3

T.D. Kosova, Dr. Econ. Sc., Prof. (NAU, Kyiv)

A.A. Vetrov, PhD. Econ. Sc., Assoc. Prof. (SBTU, Kharkiv)
