**ERASMUS+ PROGRAMME
INTERNATIONAL CREDIT MOBILITY PROGRAMME (ICM)
MOBILITY PROJECT COORDINATED BY THE UNIVERSITY OF CORDOBA (SPAIN)**

NOMINATION LETTER

In the framework of the Erasmus+ International Credit Mobility (ICM) project between the University of Cordoba (Spain) and the State Biotechnology University of Ukraine, we would like to nomination Mr. Stanislav KOLOSOV (passport no FY813524), to participate in a combined mobility for studies and traineeship.

The decision for this nomination has been made in response to the unsafe and challenging situation in Ukraine due to the Russian war against Ukraine. The BSTU student applied for continuation of his mobility for study and traineeship at UCO to have access to the laboratories for practical classes and be able to benefit from practice at vet clinic. Such possibilities are still limited at his home university due to the martial law.

The student will carry out his study period from February 2024 to June 2024 and the overall costs for this Erasmus stay will be covered by the Erasmus ICM project of the University of Cordoba.

We would like to thank you for your support to our students during difficult time and hope for continuation of our collaboration!

Place and date: Ukraine, Kharkiv
