SUBMIT YOUR
ABSTRACT**

IMPORTANT DATES:

Submission of materials until May 1, 2026.

Conference date: May 14, 2026.

PUBLICATION OF MATERIALS:

An electronic collection of abstracts will be prepared based on the conference materials. Participants will receive an electronic certificate.

Requirements for the design of materials:

Materials no more than three pages long (A4 page format with 2 cm margins; font – Times New Roman, 12 point, 1.0 spacing, no hyphens allowed, width alignment, no figures and tables) according to the attached template. For abstracts based on specific experimental data, it is advisable to adhere to the classical scheme when presenting: introduction, aim, methodology (without detail), results and their interpretation. The list of references (if necessary) can contain up to 10 sources, formatted in an abbreviated format.

The conference program committee reserves the right to reject papers that do not meet the requirements or the conference theme.

Abstracts will be published in the author's edition. The file name with the materials must contain the surname of the first author in Latin letters (for example: Author_abstr.docx). Only those abstracts of reports that meet all the specified requirements will be accepted for publication!

Registration of participants and acceptance of abstracts is available at the following link:
